

LEADERS *of* TOMORROW

ELECTRICAL AND COMPUTER ENGINEERING, UNIVERSITY OF TORONTO

The Engineering Entrepreneurship Series Presents:

Tips on Starting Your Own Company

Speaker: **Kevin Talbot**, Vice President & Managing Partner RBC Technology Ventures Inc.

Kevin will discuss how you can create your own company, and why students make great entrepreneurs. Kevin is Vice President, Corporate Ventures and Managing Partner at RBC Technology Ventures Inc., the venture capital affiliate of the Royal Bank of Canada. His mandate is to pursue a corporate venturing strategy for RBC Financial Group including direct investments and new venture development in enterprise software and services for the financial services and related industries.

Thursday February 1st, at 5:10 pm, in SF 1105
