

ECE Entrepreneurial Engineers Seminar Series

Dr. Les Organ

**“Creating your own
company – dos and don’ts”**

**Thursday, Oct 21, 5:30 p.m.
Earth Sciences Auditorium
(Bancroft Avenue off Huron)**

Dr. Organ is an engineering graduate from Skule, and a medical doctor. He is the creator of several successful companies – OWL Instruments Ltd. and Z-Tech Inc. Dr. Organ will talk about his business experiences and answer questions. This series is designed to help Engineering students start their own companies.

Refreshments will be served.
