Welcome to the newsletter that will be coming to your inbox from the ECE Undergraduate Office. Below, you’ll find announcements & information about events that are going on in our department. You can click on the links provided for more information on a particular topic.

**COURSE UPDATING**
To prepare for the 2015-2016 academic year, the first thing you should do is move the courses you were planning to take in 2014-2015 to 2015-2016. This will ensure that these courses remain on your Magellan profile and do not get overwritten by the course you are in this year, namely PEY500Y1. You can revisit these courses prior to Magellan locking at the end of February should you wish to make changes.

Magellan Link: [https://magellan.ece.toronto.edu/](https://magellan.ece.toronto.edu/) Log in with your UTORid and password.

**TAKING CS/HSS COURSES WHILE ON PEY**
Students **cannot** take any technical electives during their PEY work term. This includes technical electives that are offered in the evening. For more information: [http://www.ece.utoronto.ca/professional-experience-year](http://www.ece.utoronto.ca/professional-experience-year). If students are caught taking technical electives **without** the ECE undergraduate office’s permission, the course will automatically be marked as an **extra**. This means that the course **will not** count towards program and CEAB requirements. Also, the mark earned **will not be** calculated into your CGPA (cumulative grade point average). **Students are allowed to take a night course** offered by Arts and Science while on PEY (i.e. an HSS or CS elective) **without formal approval**.

**LIST OF APPROVED CS/HSS COURSES**
For the most up to date list, please visit the registrar’s website: [http://uoft.me/electives](http://uoft.me/electives)
Please refer to it **prior** to selecting any A&S courses. If you are interested in taking a course that is **not listed**, you can submit your request through the Registrar’s website link **here**.

Remember that it is **your responsibility** to ensure that the A&S courses you take are acceptable to use as CS/HSS electives to meet both program and CEAB requirements.

**GRADUATING NEXT YEAR???
**Here is what you need to make sure of......
1. Hand in your PEY midterm evaluation and PEY final report to obtain ‘Credit’ for PEY: [http://engineeringcareers.utoronto.ca/industry-partners/evaluationsreport/](http://engineeringcareers.utoronto.ca/industry-partners/evaluationsreport/)
   Failure to do so will result in you not being allowed to participate in the Iron Ring Ceremony and possibly Graduation.
2. Make sure you meet the ECE program requirements.
3. Make sure you meet CEAB requirements.
USEFUL WEBPAGES

- Arts & Science Academic Calendar
- Evening Courses Offered by Arts & Science  NOTE: Not all would be approved CS/HSS courses. You must first cross-reference this list with the Engineering Registrar’s Approved CS/HSS Elective Listing
- ECE Undergraduate Website
- Engineering Office of the Registrar
- Student Accounts (Fees)

Remember! Please refer to the ‘Sessional Dates’ section of the Academic Calendar for a complete listing of ALL important dates/deadlines: http://uoft.me/engcalendar

QUESTIONS/CONCERNS?
Come by the Undergraduate Office in SFB600A and we will gladly help you out or you can send us an email at askece@ecf.utoronto.ca. Please include your full name and student number when sending emails to us.
