DIFFERENCE BETWEEN FULL TIME AND PART-TIME STATUS?
2nd year students are either in full-time studies with five courses or in part-time studies with three or less courses.
If you wish to change to part-time studies, you must consult with the ECE Undergraduate Office first. (Part-time studies would mean completing 2nd year courses in two years.)
All 2nd year students take the same core courses and there are no elective courses to be selected. No timetable changes will be allowed.

SECOND YEAR WELCOME BACK BBQ – SAVE THE DATE!!
The Undergraduate Office would like to invite you to our Second Year Welcome BBQ taking place on Friday, September 11, 2015. Further details to follow.

LAST PIECE OF ADVICE
We are here to help you! We understand that navigating through the university system can seem complicated and confusing. Should you run into any problems or have any questions, please come in and talk to us! It is easier to help you during the process rather than trying to fix the problem after the fact. 😊

Enjoy the rest of your summer and we will see you in September!
