MAGELLAN PRE-REGISTRATION:
Magellan pre-registration ends on February 4, 2016. Main profiles will be LOCKED until July. After this time you will not be able to access your Main Profile (which is the profile we use) to make any changes to it. Alternate profiles you create will not be used for preregistration. Only ECE courses on valid Main Profiles will be considered for pre-registration.

Points to remember:
• We will be reviewing profiles to check upload validity. Students with valid Magellan Main profiles will have their ECE courses uploaded to ACORN. If you will be informed that your profile will not be uploaded to ACORN, please refer again to the November 2015 newsletter to see reasons why.
• The courses you select now are not locked in forever. We understand that students will change their minds about what courses they wish to take.....You can make changes to your courses when ACORN opens (space permitting as any changes would not have been included in pre-registration numbers). Remember to test out any possible changes on Magellan first to see if you still meet program and CEAB requirements.
• Conflicts are unavoidable with a flexible curriculum. Magellan will not guarantee a conflict-free schedule.

PRACTICAL EXPERIENCE REQUIREMENT:
Every student must complete a minimum of 600 hours of practical work before graduation. The nature of the work should form an integral part of a student’s education and career development. It, therefore, must contain a good measure of responsibility (e.g., management of programs, systems, equipment, personnel, or finances), sound judgment and effective communication, and be supportive of the professional career of the student after graduation. Work in many facets of industry, government or public service would be acceptable for this requirement. It can be paid or unpaid work experience.

Don’t forget to submit your 600 hours forms as soon as they have been completed! Further info and forms can be found online here. Your supervisor’s business card must be included

USEFUL LINKS:
Bookmark this link to find many useful common websites (eg. 600 hours / academic calendar / course timetables / CS & HSS info / fees / minors / etc…)
