**PEY EVALUATIONS & REPORT** Students on PEY are required to submit two evaluations and a final report:

- The **PEY Midterm Evaluation** is to be completed approximately 4 months after beginning your internship.
- The **PEY Final Evaluation and PEY Final Internship Report** are to be completed at the end of the internship.

Your Final Internship Report is required for PEY Credit: Credit is required in order to be eligible for the Iron Ring Ceremony as well as Convocation. Do not wait until the last session of your 4th year to submit your report. It takes a while for reports to be processed and approved for Credit!

Refer to the PEY website for information on your evaluations and final report.

**PROFILE UPDATING**: As you are on PEY during the 2016-17 academic year, you must remember to shift the courses you were planning to take this year to the next academic year. The courses on your Main Magellan profile that appear in 2016-2017 do not automatically get shifted to 2017-2018. Shifting your courses, will ensure that they will remain on your main profile and do not get overwritten with PEY500Y1 this year. You can always revise your course selection prior to Magellan being locked for next year's preregistration process. **"Locking occurs every February to July for preregistration."** → Magellan Log-In here / Log in with your UTORid and password.
