Course Changes for 2018-2019

Please ensure you carefully review the info below as part of your Magellan planning

*CHANGES*

- ECE 311H1 F/S: Dynamic Systems and Control
  - Course title changes to: Introduction to Control Systems

- ECE 410H1 F: Control Systems
  - Course title changes to Linear Control Systems

- ECE 437H1F VLSI Technology
  - Moves to the S-session (ECE 437H1 S). Will no longer be offered in the fall session.

- ECE 521H1 S Inference Algorithms and Machine Learning
  - Course code changes to: ECE 421H1 S
  - Course title changes to: Introduction to Machine Learning
  - See Magellan for ECE421H1 S course description

**NOTE:**

i. Please ensure that you use the NEW course codes. If you have old course codes listed, you will **not** be added to the new course. You must manually check your Magellan to ensure you have the REVISED course code listed.

ii. If you previously had ECE437 listed in the F session, you must go into Magellan to move it to the F-session.

  **Remember to evaluate & save your profile with the noted changes!**

------

*NEW*

These courses are new and have been added to Area 7 (Math/Science Elective)

- ECE 367H1 F Matrix Algebra and Optimization
- ECE 368H1 S Probabilistic Reasoning

**NOTE:** See Magellan for course description including prerequisites and/or exclusions

------

*ADDED TO AREA 5*

These courses are added as Technical Electives to Area 5: Computer Hardware & Computer Networks

- ECE 302H1 F/S – Probability and Applications
- ECE 537H1 F – Random Processes
- ECE 464H1 S – Wireless Communication
- ECE 462H1 S – Multimedia Systems
- ECE 568H1 F/S – Computer Security
