IMPORTANT DATES/DEADLINES

Bookmark the Sessional Dates from the 2018-19 Academic Calendar for ALL dates & deadlines

July 2018
June 29 2018-2019 Engineering timetables will be posted on the Registrar's website
2018-2019 Course information can be found on Course Finder
Jul 10-17 Personal timetables will be uploaded to ACORN intermittently.
Jul 18 First day to add fall/winter engineering courses (including JRE & APS) – 6 am on ACORN
First day to add certain RESERVED SEATING Arts & Science courses – 6 am on ACORN

August 2017
Aug 2/7/9 No Arts and Science course enrolment
Aug 8 First day for engineering students to enrol in ALL OTHER Arts & Science courses – 6 am on ACORN
Aug 16 Last day to pay or defer fees – www.fees.utoronto.ca
Aug 30 Courses removed for non-registered students

ENROLMENT & REGISTRATION:
Click here for the 2018-2019 Fall and Winter Enrolment and Registration Guide.
See above for course registration dates!

FALL 2018 / WINTER 2019 TIMETABLES will be uploaded to ACORN between July 10-17, 2018.
Please review your ACORN timetable in advance of course registration! Students who had valid Main Magellan profiles saved by the pre-registration deadline will notice that ECE lecture sections have been added to their ACORN timetables.

If your timetable is not uploaded or if you notice that some courses do not appear, IT IS YOUR RESPONSIBILITY to add them on ACORN.** Please refer to the various newsletters sent out for reasons why your profile was not valid for uploading (Nov, Jan and Mar editions).

Students will still need to add tutorial and/or lab sections to their ACORN timetables.

Students are responsible for adding any non-ECE technical electives (including JRE courses) and Arts & Science courses to ACORN themselves.

ECE496Y1 Y will not be uploaded to timetables. If you are a 4th year student eligible to take capstone, you will need to add this course to your timetable on ACORN. This is in addition to you having to register on the ECE496 database.

MAGELLAN: Main profiles are now UNLOCKED. Changes made on your main profiles now WILL NOT be uploaded to ACORN as any change would not have been included in preregistration data already sent.

Please make sure that you UPDATE your Main profile whenever you make changes to your timetable on ACORN because Magellan and ACORN are two separate systems.

Any course changes made (including electives) should be checked in Magellan first to ensure that graduation requirements are met. This is especially important for students entering 4th year.
**TIMETABLE CONFLICTS:** Pre-registration on Magellan **DOES NOT** guarantee a conflict-free timetable! Here are some suggestions / recommendations on how to minimize timetable conflicts:

- Switch sections (if available)
- Look for courses that are offered in both terms (e.g. ECE472H1)
- If possible, move courses between 3rd & 4th year provided that you still meet the pre-requisites
- Select a different course that will still satisfy program and CEAB requirements
- You are allowed to have conflicts. Ultimately it is your decision and you should be realistic about this decision. You do not want to put yourself at a disadvantage

**REMEMBER!** Updating your Magellan profile on a regular basis assists with verifying if you are on track to graduate! **It is the responsibility of the student to ensure that all requirements are being met!** Failure to meet requirements on time will result in you not being allowed to participate in the Iron Ring Ceremony and possibly Graduation. Magellan Log-In here: Log in with your UTORid and password.

**WAITLISTS (ECE courses):** If a course is full and you wish to take it, please add yourself to the waitlist. We will do our best to dissolve these waitlists sooner rather than later. We can't guarantee that everyone gets off the waitlist but we will do our best. **Please note that we can only help with the ECE courses. NOTE:** ACORN will only allow students to register for 12 courses for the entire year including any waitlisted courses. For example: *If you have 10 courses on your timetable, ACORN will only allow you to add yourself to waitlists for two courses.*

**COURSE CHANGES:** The changes below are for the 2018-2019 academic year. If you had planned on taking any of the cancelled courses, please ensure that you select an alternate course that will allow you to meet requirements to graduate. Remember to use Magellan first to test changes!

In addition to adding ECE496 to ACORN, 4th year students who are eligible to take capstone must ensure they have registered on the ECE496 database:

- **ECE496 Online Registration System Database** – [https://ece496v2.ece.toronto.edu](https://ece496v2.ece.toronto.edu)  Instructions are on the [Project Registration](#) webpage, and there is a short tutorial video on YouTube that steps you through the process.
- Keep checking the [2018-2019 Project Listings](#) as professors continue to add new projects.
- Please contact us ask496@eecg.utoronto.ca if you have any questions.

**RETAIKING FAILED COURSES?** If you need to retake a 1st or 2nd year course, OR a course that you passed (achieved between 50 – 69%) in a failed term (PRO2), you cannot add this course to ACORN yourself. Please e-mail us (askece@ecf.utoronto.ca) with your name, student number, course code; as well as lecture, lab and tutorial sections. We will then add you to the course (space pending) once course registration opens. Please review the [2018-2019 timetable](#) to select the sections to best fit your schedule.

**LIST OF APPROVED CS/HSS COURSES:** It is your responsibility to ensure that the Arts & Science courses you take are acceptable to use as CS/HSS electives. Please refer to the approved CS/HSS lists below BEFORE selecting any Arts & Science courses:

- [Complementary Studies (CS) Electives](#)
- [Humanities & Social Science (HSS) Electives](#)
- **SHORT CS AUs?** The ECE UG website has a list of courses that has more than the standard 30 CS AUs (scroll to the bottom of the page).
- If you are interested in taking a course that is not listed, please email registrar@ecf.utoronto.ca with the following information: first name & last name / e-mail address / course code (e.g. ENG280H1) and course title (e.g. Critical approaches to literature) / HSS or CS consideration / Course Finder link to the course.
- **Remember:** Proposing a course for CS/HSS consideration does not guarantee that the course will be added to the approved lists.
- If you are taking an approved CS/HSS course that does not appear on Magellan, please let us know and we will add the course.

**Enjoy the summer!**

Your ECE Undergraduate Office Team!
